Your organisation is invited to take part in an initiative to position Sweden and Swedish companies and organisations as world leaders in Smart Industry. Welcome to participate as Public Partner with Sweden Co-Lab, a Swedish Government initiative for Hannover Fair 2019. A Public Partnership puts your organisation in a global spotlight with the opportunity to take part in promotional activities towards your most important stakeholders.

With Sweden designated as the Partner Country to Hannover Fair 2019, Swedish companies and organisations will be positioned as world-leading providers of Smart Industry solutions under the theme **Sweden Co-Lab**. Sweden Co-Lab will showcase Sweden as a greenhouse for co-creation (Co) and innovation (Lab). Sweden itself will be positioned as a hotspot for innovation, labs, testbeds and trends that create solutions for the future, engaging small, medium and large companies and start-ups, as well as governmental, private and public players.

Partner countries in previous years include the United States, India, China and Japan, which have been represented in Hannover by their heads of state and/or governments. ### 1. General

BUSINESS SWEDEN undertakes to carry out the export activity described in the invitation on condition that the necessary number of companies signs up by giving binding notice of participation and no obstacles specified in section 5 below exist in regard to the performance of the activity.

### 2. Participation fee

Companies taking part in the activity undertake to cooperate in order to achieve its aim and facilitate its performance and also to pay the fee specified in the invitation. Participation in the activity may not be made available or assigned to a third party without the prior written consent of BUSINESS SWEDEN. Unless otherwise expressly stated, all prices are exclusive of VAT. The participation fee shall be paid in advance.

If the price has been specified in SEK and BUSINESS SWEDEN has to pay certain costs in local currency, the price shall at the time of payment be adjusted if the exchange rate has changed by more than 5% between the date of the invitation and the date of invoicing.

In the event of fewer companies signing up for the activity than required in the invitation, the participating companies undertake to pay an increase not exceeding 10% of the participation fee.

The term of payment is 30 days from the invoice date. In the event of late payment, penalty interest is payable at the current Swedish reference rate ("referensränta") plus eight (8) percentage points. Any costs for collection or other measures to obtain payment will be charged to the company.

### 4. Cancellation etc

Registration is binding. If not stated otherwise in the invitation, upon cancellation of participation the fee will be charged in full as from the date BUSINESS SWEDEN has received and confirmed the company's binding reservation.

### 5. Force majeure etc

BUSINESS SWEDEN may cancel the activity or postpone carrying it out for a reasonable period if any obstacle to or unreasonable increase in the cost of carrying it out arises or if carrying it out would jeopardise the safety of persons or property affected by the activity, due to an event or circumstance outside BUSINESS SWEDEN's reasonable control (force majeure). Such events or circumstances include acts of violence or a risk of acts of violence of all kinds (including war, hostilities, acts of sabotage etc.), natural phenomena (earthquakes, hurricanes, floods etc.), sudden events which cause injury or damage (fires, explosions etc.), labour conflicts (strike, lockout, blockade, working to rule etc.), events and interventions of an official nature (changes in the law, new legislation, a change in the exchange rate), and other unforeseen events or unforeseen consequences of foreseeable events such as lack of transport, a shortage of skilled workers, power cuts etc.

BUSINESS SWEDEN shall inform the participating companies in an appropriate manner as soon as possible after force majeure is deemed to exist.

In addition to what is stated in the first paragraph of this section, the effect of invoking force majeure is that BUSINESS SWEDEN will be absolved from economic consequences, including damages for delay in carrying out the activity or for the activity not being carried out at all or not being carried out as agreed.

### 6. Disputes etc

These general conditions shall be governed by and are construed in accordance with Swedish law.
